I'm sending this email not just to make it clear that Bulso and Pagliara are purposely not disclosing the info to the court in my first three emails but to also double down now that I see this was ACTUALLY signed or forged and attached to my family member who obviously showed me. What I just noticed is EXACTLY as I have thought this entire time. Not once has the court or the plaintiff or his lawyer ever provided me proper service and now you may want to ask your clerk why a doc with your signature on it that I again am emailing you because I cannot find any record of this! And even when I try to pay it takes me to a third party site w no record. I just noticed your clerk or maybe Bulso/Pagliara are forging signatures saying they serviced me at an email I haven't owned at all since Jan 2025 hit you can buy the domain you can even see record on icann but I have my own mailbox proof bc I used to bcc myself automatically in outgoing emails to that address

when I had it. You can see the many message I have that this bounced in January and I have more that I can show and even allow access to if someone wants to log into this account right next to me to see this- screenshot Attached.

And the address. Does a 3 year old address Bulso ripped off my old registered LLC googling me to sue me look like where my Rx are prescribed?

Enough games. I'm going to lawyer up but I KNOW this court especially since Pagliara is threatening criminal extradition of me even tho he knows I have no money and he knows like Bulso my mental diagnosis and financial unemployed situation - if you want my mail you should ask Gino.

I also would like the court to do what's right - either they are forging things and purposely trying to make me some villain - is there any proof of the existence of the pdf sent bc if there is how would a judge even award \$3M against someone for screenshots? Where are the metadata and archived links in footnotes? This can't be real.

I would like this case dismissed - or vacated or closed and to go on w my life. I will wait for a response out of respect for the law. Further more I want to know if this is forged bc if your clerk has bounced emails in a govt inbox and didn't report it - I know a clerk quite well from jr college in the cook county circuit and they would never let that fly.

I hope the court deals with this. I am paying for legal defense if this continues bc I want this harassment and suggesting openness to talk w a family member who does have money (not \$3M) from the plaintiff to be the end of this.

Please let me know if your clerk allowed this or if it's on the plaintiff and his lawyer.

I respectfully ask the court for help to end this insane year of my life. I want these people to go away.

Respectfully to the Hon Deanna C Hood
Daniel R. Treccia

I will have a lawyer waiting for response on this. If the court can resolve this for me as I have sent 4 emails now unanswered I want NO counter lawsuits no payback and like I said have you ever looked to see if those screenshots and posts exist? They do not. The paraphrasing and then either the clerk or the the plaintiff and lawyer forging service.

I need to know if that bounced email is in a clerks mailbox that I get the truth. It's my right- and I've been 100% honest this entire time about due process and bulsos knowledge and thus Pagliara (notice how he shames my mental illness to my family - they knew I told you I sent all of this before and they are still bullying and threatening jail? Forging clerk signatures or possibly - getting a clerk to commit fraud against me on what the judge thinks is a legal document?)

This is insane. Please help. I have compiled so this is nonsense.

Mr. Treccia,

Attached is a copy of the \$3,000,000.00 judgement I have against your son Daniel. I have never met Daniel, but my fear is that he has some type of mental illness that is causing his erratic and vindictive behavior.

Following the issue of the judges order Daniel continued to harass me with a series of vial and untrue allegations he continues to make public on twitter. He has defamed me, my attorney, court officers, the members of the local judiciary, and elected officials in Tennessee as well.

On Tuesday we will be applying for a bench warrant for Daniels arrest and extradition to Tennessee to face contempt of court charges.

Mr. Treccia, I am not a vindictive man and I have a son of my own. If there is some way this matter could eventually help Daniel through getting him the help that he needs I am willing to discuss the matter further.

Otherwise, Daniel is going to continue to exacerbate the already series problems he has created for himself.

I am willing to discuss this further.

With kindest personal regards,

I am,

Sincerely

Tim Pagliara
